## Comment for planning application WSCC/036/20

Application number Name	WSCC/036/20 Emilie Dana Bruell
Address	58 Maltravers Street Fig Tree House
Type of Comment	Objection
Comments	An incinerator of this scale should not be built on Ford Airfield. It is too near to residential developments and the surrounding road network is not suitable for 240 HGV movements per day. This building will the biggest building in this coastal area and be visible for miles, particularly from the National Park and Arundel. It will cause huge air and debris pollution and the constant light pollution and a huge increase in traffic. All this is a danger to health and spoiling of the country and to 1,500 new homes proposed in that area.
