Type of Comment	Objection
Comments	Impact of more HGV traffic on Ford Road would be unbearable. More pollution, increase in Traffic Jams and severe congestion at Ford Road roundabout . This road is clearly signed as unsuitable for HGV's but the drivers ignore. Vibration felt in houses along Ford Road would be increased and over a term could cause structural damage. Area not Policed so increase in chaos which brings about road rage. We see all this as we live on Ford Road but the planners do not so the impact does not enter into the equation.
