Comment for planning application WSCC/036/20	
Application number	WSCC/036/20
Name	RICHARD Robbins
Address	TARRANT STREET, 64, TARRANT STREET, ARUNDEL, BN18 9DN
Type of Comment	Objection
Comments	This development will harm the existing amenity of light , outlook and privacy in the surrounding area in a conservation area and the adverse effect on the area and the historic buildings which will have their amenity of views and a peaceful existance permanently harmed. The negative effect on the landscape and the pollution from the extra lorry traffic will be unacceptable from the dust and fumes and chemicals that emmanate from the factory and the attendant extra traffic in the area. This will also impact on the trees and hedgerows in the area which account for the local birdlife and carbon diminishing solutions to modern day life. The design of the building is out of keeping with the local buildings and completely out of keeping with the area. The added noise and disturbance will have an adverse impact on wildlife and their habitat and will also have an adverse impact on the landscape and the character of the area. The extra traffic of some 240 lorries per day will also contibute to massive diruption, pollution and noise. Highway safety is also affected. The area is totally unsuited to this devepoment and is out of keeping with the conservation of the area and all its attendant attributes. I strongly object to this proposal . Richard Robbins
