Comn	nent for planning application wSCC/036/20
Application number	WSCC/036/20
Name	Josephine Brennan
Address	19 Wooldridge Walk Climping
Type of Comment	Objection
Comments	Not appropriate to the rural area. Pollution from HGVs. Danger to school children. Danger to cyclist. More HVVs damaging the existing deteriorating roads. The effect on surrounding villages. The effect will go beyond Ford as far as Bognor. Chichester and Wothing. The question should be raised why building this next to the proposed new housing development at Ford . I would not want to buy a house next to the incinerator. In fact I will look to move as it is to close to me in Climping to protect my Grandchildren who visit me.
