Comment for planning application WSCC/036/20	
Application number	WSCC/036/20
Name	IAN VAN STRATUM
Address	ST. MARYS COTTAGE, ARUNDEL, BN18 9RR
Type of Comment	Objection
Comments	I object . my objection is based on the dust and other pollutant particles emitted from the plant chimney. these will circulate largely. Statements and assurances that these will be monitored do not in any way provide tangible evidence that pollution levels will not be excessive. Monitoring in itself is not the same as guaranteed prevention. the projected lorry traffic represents 12 lorries per hour or a lorry every 5 mins at least. such lorry traffic will be very noisy, polluting and cause congestion. the local roads are not adequate or appropriate to support that type of heavy weight traffic.
