Comment for planning application WSCC/036/20

Application number Name	WSCC/036/20 Heather Billinghurst
Address	Monterosa House Skylark Way Barnham
Type of Comment	Objection
Comments	This development is trying to sneak an enlarged second application over the line during lockdown. The level of traffic and consequent pollution will be worse. This development is too big and not suitable for the location. The airpollution from this development will be a hazard to health, particularly for anyone with asthma or other lung conditions. The chimney will dominate the skyline being higher than the cathedral. It will totally change the nature of the area and is in an area of outstanding natural beauty and will dominate the southern side of the south downs. HGVs will rattle and disturb local roads, some of which are narrow lanes. Please consider the health of the existing inhabitants before green lighting this unsuitable application.
