Comment for planning application WSCC/036/20

Application number	WSCC/036/20
Name	Sarah Stokes
Address	JACKSON WAY, 17, JACKSON WAY, LITTLEHAMPTON, BN17 7SF
Type of Comment	Objection
Comments	I strongly object to this planning application. This is going to blight the views in a beautiful area and cause emissions that could have a long term affect on health. In this day and age I cannot see how such a backwards idea can be seen as good for anyone other than people benefiting financially but not being affected themselves. The battle against waste should be fought at the source and not in this way. This application should not be allowed to pass.
