Comment for planning application WSCC/036/20

Application number	WSCC/036/20
Name	John R K Emly
Address	5 OTMERS QUAY, FITZALAN ROAD, FITZALAN ROAD, ARUNDEL, BN18 9JS
Type of Comment	Objection
Comments	I wish to object in the strongest possible terms to the huge monstrosity for which planning application has been submitted under reference WSCC/036/20Given its proposed height and size the proposed construction would be a hideous blot on the surrounding beautiful landscape for miles around.It would adversely impact the character of the West Sussex countryside over a wide area with its historic features, listed buildings and conservation areas.The infrastructure of the area is not adequate to cope safely with the demands imposed upon it by such a construction and its usage e.g. vastly increased traffic.The proposed construction would have a severe adverse impact on the health of residents in the surrounding area with regard to Its generation of dust and unpleasant odours Into the atmosphere.It would also adversely impact the natural environment of a very wide area.I object strongly to the plans submitted given the adverse impact that its height,size and usage would have on the landscape ,the environment and health of residents over a very large area of natural beauty - it is totally inappropriate and should not be approved.
