Comment for planning application WSCC/036/20

Comments	It is completely unacceptable to build such a huge monstrosity at Ford. It will overshadow all buildings in the vicinity and stand out as an eye sore for miles around. This will reduce the price of property locally and turn Ford into an industrial site paving the way for other such constructions. This was once the heart of rural West Sussex but already this has been damaged. There is nothing wrong with carefully planned constructions, sensitive to the local surroundings and this is not one of them. It is not a case of 'not in my backyard' of course we need small industrial sites - but the height of the tower is ridiculous by any standards. Engineers and planners need to think again.
