Type of Comment	Objection
Comments	Living in Yapton is becoming a nightmare with more and more houses being built but the worst part is the traffic. So many cars now on small rural roads how on earth will the roads cope with so many huge lorries. With new houses being built in the same area how much more can the roads take. We are seriously considering moving from our forever home after being let down by so much infrastructure but no new drs overcrowded schools and traffic chaos most days. What's crazy is the crematorium would have benefitted here not the monstrosity which is being applied for here.
