Type of Comment	Objection
Comments	This is too large a building for a residential site and the number of lorries over 200 is too many for the inadequate road system which is becoming clogged with cars from new housing in areas where there is no work and so they have to drive. Being so large it will be an eyesore blot on the AONB. Then there is the effect on health to us all and lid life caused by toxic emissions fro the plant with a SW wind this will be spread over many housing areas. It is too large for this area.
