Comm	nent for planning application WSCC/036/20
Application number	WSCC/036/20
Name	James Metheringham
Address	21 Maltravers Street, Arundel, West Sussex BN18 9Ap
Type of Comment	Objection
Comments	The proposed structure is far too large in scale, it will be seen from miles away, blighting the view from the South Downs National Park, which is on the doorstep. It is located too near to new housing and will cause lots more pollution from the additional traffic alone. Plus other objections too numerous to list. It's an absolutely terrible idea. Appalling.
