Address	FLAT 4, TOWER HOUSE, LONDON ROAD, LONDON ROAD, ARUNDEL, BN18 9BH
Type of Comment	Objection
Comments	Amazed wscc have not thrown this out already. 1. With the amount of additional houses being built in the area this will significantly add to the traffic in the area which is already at saturation point. 2. What an eyesore for those enjoying views across the National Park. 3. Major increase in the levels of pollution due to additional traffic. 4. Visitor numbers to the area will certainly be affected, and businesses in placed locally of beauty will be under threat, as if they are not already having to put up with the civic impact.
