| Comments | I object to this application 1) the traffic in the area is currently at capacity and we don't need any more hgvs on our village roads 2) church IAne is an unsuitable road for this type of traffic 3) the visual impact will be detrimental to all of the surrounding villages and an eyesore 4) I do not wish any more emissions gases and smells in the environment where I live we already have to deal with Shripney waste site 5) I don't believe any one has considered the safety of the residents should there be a catastrophe 6) my daughter Is due to move to yapton and I fear for her health . This proposal is wholly unsuitable for this village in its size and scale of operation |
