Comment for planning application WSCC/036/20	
Application number	WSCC/036/20
Name	Susan Fuidge
Address	WESTERLANDS, CREEK END, CREEK END, CHICHESTER, PO19 3JS
Type of Comment	Objection
Comments	There is definitely need for further waste processing facilities in West Sussex, but this doesn't seem to offer the answer to our current needs. Investment in food-waste management is required and a greater emphasis on recycling/re-use rather than incineration which has such high impact on the surrounding area.
