Comment for planning application WSCC/036/20

| Application number Name | WSCC/036/20 Miss Alison Baird |
|-------------------------------|---|
| Address | RIGATES, CLIMPING STREET, CLIMPING STREET, LITTLEHAMPTON, BN17 5RQ |
| Type of Comment | Objection |
| Comments | I object to this application for the following material considerations: Detrimental traffic impact on west sussex roads from hundreds of trucks daily bringing waste from outside west sussex. Road access from unclassified Church Lane is potentially extremely dangerous for local traffic. Local infrastructure unable to cope with current levels of traffic and this application does nothing to address the addition of hundreds of daily truck movements through out the county. Close proximity to residential areas a concern from emissions. 50m high building will be visible for 25 km/15Miles - visibility of the Chimney will be visible for 32km/20 miles which is unacceptable in such close proximity to the South Downs National Park as well as the celebrated West Sussex coastline. Grave concerns about the local impact in the event of a plant breakdown, fire or other emergency. |
