## Comment for planning application WSCC/036/20

Application number Name	WSCC/036/20 Helen Carter
Address	JOHNSON WAY, 44, JOHNSON WAY, ARUNDEL, BN18 0TS
Type of Comment	Objection
Comments	Totally inappropriate building for the landscape. Located in an area with poor road network. Ford appears to be the dumping ground for all sorts of waste related facilities. Ford have earmarked space for 1500 houses and wish to create a village centre. Who is going to want to live next to this? Yapton and Climping are also being over developed. Will local home owners be compensated for the depreciation in their property values? How is this going to boost tourism in the local area? It will be seen from most of the South Downs view points looking south towards the sea. The number of jobs it will create does not justify such an ammendment from the original facility granted permission. There are so many negative points relating to this application, its hard to know where to begin.
