## Comment for planning application WSCC/036/20

Application number Name	WSCC/036/20 Penny Barber
Address	8 Goodwood Wing, Tortington Manor, Arundel
Type of Comment	Objection
Comments	I strongly object to this incinerator being installed for the following reasons; 1. Why does should an incinerator have to be built? 2. The proposed site is far too close to residential areas and could cause various health problems too owing to the fumes. This sort of site should be built away from residents on an industrial development. 3. A threat to the environment. 4. There will be more heavy traffic along the Ford Road. Traffic problems will arise, particularly near the A27 roundabout. As it is lorries are 'advised unsuitable for heavy lorries' but drivers ignore that sign already. There are always problems on that part of the road. 5. Ridiculous height of the incinerator which will be seen for miles around. Why has this proposed development even been given any consideration.
