Objection

Christopher and Diane Keen both object to this unnecessary Application by Grundon for this massive expansion on the border of both Clymping and Ford, as we are familiar with their Site at Colnbrook-HeathRow, which is situated alongside the A4 and away from residential properties, unlike this proposal which would badly effect everyone in the local area, and would turn our beautiful villages into a Massive industrial estate, with more unwanted problems on our Roads, , which would badly effect everyone in the area. When we moved to Clymping 16 years ago is was for the peace and quiet, and beautiful countryside it offered, but with so many unnecessary building applications on the cards, which are completely unjustified, we are totally disgusted that a proposal of this size could be given any consideration at all, bearing in mind the size of our population, vs towns like Horsham or Chichester Brighton. As Grundons already having approval for their Horshsam, Site it makes it even more unnecessary than ever, and there's no business case whatsoever for this application to be given approval, anymore than there was for a Crematorium. We trust you'll appreciate we don't need everyone else's waste coming through our villages / countryside, and we certainly do not need any more vehicles on our Roads that's for sure. We OBJECT and urge you to decline this application.
