Type of Comment	Objection
Comments	I am objecting to this proposal due to the amount of emissions (dust, total organic carbon, hydrogen chloride, carbon monoxide, sulphur dioxide and oxides of nitrogen) this eyesore will give off. The roads around this area are also unable to cope already with the amount of traffic and building works happening around here. I am also objecting as the airfield is an area where a lot of residents go to exercise and walk their dogs, people exercise around there so they aren't breathing in emissions already given off from traffic. Another objection is that the airfield is home to a lot of wildlife, their homes will be being destroyed and turned into an uninhabitable environment for them.
