## Comment for planning application WSCC/036/20

Application number	WSCC/036/20
Name	Stephanie Kitchener
Address	20 LAPWING GROVE, BARNHAM , PO22 0FD
Type of Comment	Objection
Comments	I am worried that if this goes ahead the fumes, smells and traffic will affect my local area. There is already a large amount of building happening in this area with no mention of improving or adding to local roads. We are a network of relatively small towns and villages but with so many more houses being built maybe the focus should be on additional schools (primary and secondary) more GP practices and leisure facilities to accommodate the growing area.
