Comment for planning application WSCC/036/20

Application number	WSCC/036/20
Name	Carole Evelyn Stimson
Address	15 The Bramblings, Sea Estate, Rustington, W Sussex BN16 2DA
Type of Comment	Objection
Comments	What an eyesore and blot on the Sussex landscape is the proposed development. And with the additional threat of a level of pollution. Life is stressful enough as it is, let alone the threat of the industrialisation of our beautiful landscape, already under threat from extending the road network, and the building of thousands of extra houses which will do very little to meet the outstanding requirement for social, not affordable, housing. Please spare us this heartbreaking proposal.
