Comment for planning application WSCC/036/20	
Application number	WSCC/036/20
Name	Celia henderson
Address	32 Dalloway Road Arundel
Type of Comment	Objection
Comments	Ford Road is a minor road and totally unsuitable for the number of proposed heavy vehicles. A building of this height is out of keeping with its surroundings. I'm really concerned at the fumes, toxic fumes that will affect the wider surrounding area. Is this tiny industrial estate really the right place for such a monstrosity? Please reconsider this application and reject it
