Comn	nent for planning application wscc/036/20
Application number	WSCC/036/20
Name	Rob Wilson
Address	Flat 3 The Paragon 43 Searles Road London SE1 4YL
Type of Comment	Objection
Comments	Hi, I'd like to object to this application please as a visitor to the area, for the following reasons (in order of priority): 1. Impact on air quality and seemingly patchy analysis of pollutants (e.g. heavy metal pollutants only considered a point of maximum impact) 2. Traffic and increase in HGVs I think unsuitable for the local roads and posing risk to cyclists. 3. Impact on local residential areas, being a disproportionately large and tall structure. Thank you
