Comment for planning application WSCC/036/20	
Application number	WSCC/036/20
Name	David Snell
Address	2 Holm Oaks, Burndell Road, Yapton,
Type of Comment	Objection
Comments	I reject to the building of such a facitily near a populated area. The local council had already approved the building of a concrete crushing facility that will cause more traffic in the local area. This facility will bring more traffic into the area which will more disruption to residents, create pollution and have a negative effect on the area
