Comment for planning application WSCC/036/20	
Application number	WSCC/036/20
Name	Lesley Barnett
Address	4 Abbots Field Yapton
Type of Comment	Objection
Comments	Strongly object to the location of this incinerator. We live in a new development right by this proposed site with a young family and the effects of the emissions from this are unknown. It is also a monstrosity to have located so close to residential areas and right by upcoming housing. Strongly object.
