Comment for planning application wSCC/036/20	
Application number	WSCC/036/20
Name	Dr G Kester
Address	4 NORFOLK WING, TORTINGTON MANOR, FORD ROAD, FORD ROAD, ARUNDEL, BN18 0FD
Type of Comment	Objection
Comments	Whilst I do appreciate the need for an updated waste disposal facility in this area, I do oppose the current plans on several grounds: transport infrastructure - the A27, A259 and all local roads are already beset by traffic problems, being unsuitable for the current, let alone near future, traffic volumes; in addition, at the Arundel end of Ford Road is a sign noting the road is unsuitable for HGV - of which I agree no notice ever appears to be taken - however, to add yet more HGV movements onto a recognisably unsuitable and already very busy road, further complicated by the level crossing, is just unacceptable; the effect of yet further proposed residential development in the area will also impact on the road problems, exacerbating the situation; the proposed structure for the new facility is too large in bulk and the stack is too tall, making the whole out of proportion and over-obtrusive in this area; pollution - noise, dust, emissions etc levels, despite the promises of filters, scrubbing etc would seem to be unacceptable, especially in view of the further local planned residential developments,
