Type of Comment	Objection
Comments	I am objecting because the place to build such a large incinerator is not suitable. It's way too close to residential homes, schools, children's day centres. Flying Fortress children day centre is just next to it! Pollution will be increased all around due to incinerators toxic fumes, road traffic. Sea resort town like Littlehampton and historic town Arundel will become less attractive for tourism because no tourist would like to stay in a place close to a smokung chimney. It also discourages recycling principle and encourages consumption thus more waste.
