Comment for planning application WSCC/036/20

Application number Name	WSCC/036/20 Michael Tu
Address	ORCHARD HOUSE, FORD LANE, FORD LANE, ARUNDEL, BN18 0DE
Type of Comment	Objection
Comments	I strongly oppose this planning application because the site is completely inappropriate for the size of the proposed plant. Since the permission given in 2015 for significantly smaller facility (22 metres v 52 metres) the Ford Neighbourhood Plan has been made. The includes development of 1500 homes. I do not believe that incinerators should built this close to houses. I also do not believe that the already congested local road network is suitable for 240 HGV movements per day. I also believe the visual impact of the proposed building will be detrimental to the panoramic views from the South Downs National Park and the historic town of Arundel. I do not believe incineration is the right way to deal with waste, recycling should be significantly increased to help us move towards a truly circular economy. If incinerators must be built, they should be sited away from homes, close to major road networks (with 360 degree catchment area) and in concealed locations e.g. a disused quarry. Ford meets none of these criteria and therefore permission should be refused.
