Comm	ient for planning application wscc/030/20
Application number	WSCC/036/20
Name	Liseanne Broomhead
Address	NANSON LANE, 20, NANSON LANE, LITTLEHAMPTON, BN16 4PL
Type of Comment	Objection
Comments	Please do not allow this incinerator to go ahead. It will be detrimental to the lives of residents in Ford and along the south coast. Our infrastructure is poor with thousands of new houses blighting the countryside and no amenities built to support them. The roads are congested and the quality of the air is already poor due to idling traffic. This will be much worse. At a time when we are considering respiratory health, an incinerator will increase asthma rates in all age ranges. It also seems unfair that Ford should have to incinerate the rubbish of other localities when there are already incinerators in other parts of West Sussex. Please don't build it in Ford. Look elsewhere with better roads and away from residential areas.
