Comment for planning application WSCC/036/20	
Application number	WSCC/036/20
Name	Duncan Marston
Address	1 RUFF COTTAGES, CHICHESTER, PO20 2DP
Type of Comment	Objection
Comments	Although I agree with the need for technology, especially converting waste into electricity, the size and location of the building is not suitable. The building will be detrimental to the local environment, We are lucky enough to live and work in a very beautiful area. This project will spoil the area, ruining views from SDNP, Arundel, Chichester, Trundle etc. The building and chimney, must be relocated or redesigned,
