## Comment for planning application WSCC/036/20

Application number Name	WSCC/036/20 Natalie Gavigan
Address	NAVIGATION DRIVE, 72, NAVIGATION DRIVE, ARUNDEL, BN18 0FS
Type of Comment	Objection
Comments	As a local resident I am concerned about this application for a number of reasons The proposed structure is not in keeping with the locality. The planned tower in particular is massive and would have a huge impact on the enjoyment of the low level rural landscape that surrounds the village. Our roads are not able to cope well with current levels of traffic. They are constantly damaged and pot holed by large vehicles travelling on them. The junction of the A259 by the Oyster Catcher has had several accidents at it recently. The significant changes to traffic flow and patterns that would come with the development would not aid this. I also have concerns around the health impact of the proposals. I believe that wildlife and local people would be negatively impacted, both short and long term, and their right to a healthy existence would be put to detriment. This impact would be during demolition, construction and operation. I would ask that these proposals be rejected.
