Comment for planning application WSCC/036/20

Application number	WSCC/036/20
Name	Nicole Treharne
Address	ST. FLORAS ROAD, 30, ST. FLORAS ROAD, LITTLEHAMPTON, BN17 6BB
Type of Comment	Objection
Comments	I would like to state that I oppose this plan, it has not been made public enough. The impact is on a wide area, with dense population. The pollution will impact the general health of those within the area and the fact that the sheer size of the construction will be seen for miles (as it is much taller than even Chichester cathedral), means that the air will be impacted.
