Address	1 CHURCH FARM COTTAGES, CHURCH ROAD, CHURCH ROAD, ARUNDEL, BN18 0EP
Type of Comment	Objection
Comments	1.Major traffic concerns. Lots more lorries coming from out of the area passing through local villages than can not accommodate this traffic. There are few roads to the A27 including the One through Arundel which is completely unsuitable for heavy vehicles and the other through walberton (again completely unsuitable and causing traffic problems at the railway crossing and pollution) 2. Close proximity to local housing and proposed new housing . Noise and eye sore Monstrosity to a large area including beyond the immediate surrounding houses 3. The safety aspects involved with such a large plant in a highly populated area
