Type of Comment	Objection
Comments	My family very much object to the siting of this waste facility here. It will be a total blot on the landscape of this rural area, with increased heavy goods traffic on already congested roads. The village is already often gridlocked with HGVS trying to make their way through, the siting of this facility will only make this worse. We also fully object to the noise and possible odours this type of facility will generate. Please do not put this monstrosity in this area.
