Comm	nent for planning application wSCC/036/20
Application number	WSCC/036/20
Name	Nadine Futcher
Address	6 LAMBS COTTAGES, BILSHAM ROAD, BILSHAM ROAD, ARUNDEL, BN18 0JN
Type of Comment	Objection
Comments	This is a semi rural area of much beauty. The location for the site is in very close proximity to new housing developments. If crushing activities are limited to 6 hours a day there's a reason presumably noise, dust , vibration and lorries. These lorries will presumably access And exit via the Oyster Catcher junction which is tricky enough because the A259 and surrounding roads already can barely cope with traffic. There was a fatality of on the S bend not so long ago and 12 lorries an hour will add to the dangers for cyclists and pedestrians. As an asthmatic I'm worried about the dust that will be generated. And any pollution it will produce as even 'acceptable' levels will have an impact to people and children in the village. It will be an eyesore just as the kings mere block is to littlehampton. This would also devalue Yapton and Ford propertied. I strongly object as this is not appropriate for the planned location. One wonders why consideration even entered anyone's minds.
