Comment for planning application WSCC/036/20	
Application number	WSCC/036/20
Name	Laurence Wilson
Address	WILLS CLOSE, 11, WILLS CLOSE, ARUNDEL, BN18 0NW
Type of Comment	Objection
Comments	My objection to this application is in regards to the perimeter fencing as outlined in the associated document titled ADwg_1404_PL108_FencingLayout1to500.pdf. The 2.4m high 'paladin' security fencing enclosing the site also surrounds the area of hard standing north west of the site and as such removes access to Ford rail station for residents within Rollaston Park, of which I am one. I and many others walk around the perimeter of the existing facilty to reach the public foot path north east of the facility, it being the quickest and most direct route. It is a 20 minute walk to the rail station at present but the proposed plan would remove this access, seemingly unnecessarily and with little regard for residents such as myself who regularly use the station. I broadly support the development of the site for the purpose outlined but can not consent to do so when the proposal restricts access to an essential service. I request that the application be rejected and the applicant encouraged to make provision for residents within Rollaston Park to access Ford rail station.
