

Comment for planning application WSCC/036/20

Application number	WSCC/036/20
Name	Will McLaren-Clark
Address	HIGHLAND ROAD, 28, HIGHLAND ROAD, CHICHESTER, PO19 5QT
Type of Comment	Objection
Comments	I strongly object to this planning application. I understand that there is already an unimplemented waste consent on the site which would serve the same purpose. The building and chimney would be incongruous in the landscape, destroying the historic views from Arundel and surrounding. It is a completely inappropriate location for a facility of this scale and height.
