## Comment for planning application WSCC/036/20

Application number	WSCC/036/20
Name	James Rowan
Address	BERNARD ROAD, 5, BERNARD ROAD, ARUNDEL, BN18 9EP
Type of Comment	Objection
Comments	Most of these plants do not work very well or efficiently especially the toxicity of the airborne particles ( particulate filters are not 100%) and the actual output iro energy output. Ford is not an industrial area per se and too close to residential housing.
