Comments	Traffic impact: hundreds more huge lorries each day, some coming from well outside West Sussex. Road access: church lane is is wholly unsuited to this type of traffic, as it is a narrow unclassified road at the heart of Climping village Proximity to existing and proposed residential housing Visual impact it will be detrimental to the wider area over a considerable distance Emissions:unknown impact from gas, smells or other noxious substances on surrounding areas Safety: in the event of a plant breakdown, fire or other catastrophic event Conclusion: this is a totally unsuitable site for a plant of this size
