Comment for planning application WSCC/036/20

Application number Name	Jane Slattery
Address	NAVIGATION DRIVE, 22, NAVIGATION DRIVE, ARUNDEL, BN18 0FS
Type of Comment	Objection
Comments	I object to the above application on the following grounds. Considering the numbers of new houses being built in the area, this very large industrial facility will be too near new communities. It is far too large a development to put in the area, it is designed to be in an industrial not rural area. It will cause pollution both noise and air pollution from the particulates left after burning assorted waste. Burnt waste smoke and particulates are not good for growing children or to be deposited on agricultural fields. Incineration will not encourage good re-cycling if the answer is to burn waste in general. There will be greatly increased traffic from lorries on local roads which are already struggling from an increase in traffic.
