Comm	ient for planning application wscc/030/20
Application number	WSCC/036/20
Name	Paul Connington
Address	GLADSTONE ROAD, 14, GLADSTONE ROAD, ARUNDEL, BN18 0JP
Type of Comment	Objection
Comments	The proposed development is very close to existing residential properties and the proposed Ford residential development. Air quality will be impacted with additional waste dust and fumes from lorries using the facility. The impact from gas, smell and other noxious substances is unknown. Local roads are already struggling with the amount of current road users. This development will increase the volume of traffic hugely, bringing a vast number of additional large vehicles, together with increased pollution The building is far too large and will become an eyesore for local residents and will dominate the landscape. In conclusion,I feel this site is totally unsuitable for a plant of this size, scale and type of operation.
