Comment for planning application WSCC/036/20

Application number Name	WSCC/036/20
Name	Carole Somerville-Woodi
Address	OLIVERS MEADOW, 34, OLIVERS MEADOW, CHICHESTER, PO20 3YA
Type of Comment	Objection
Comments	There will be a detrimental visual impact affecting the whole area and the National Park. The weather in this area is often still and clear, especially in the winter. (Many greenhouses and nurseries are in the area for that reason). Smells and fumes arising from the very tall chimney will fall on surrounding areas without being dispersed. This is an area of rural character and beauty. To build an industrial unit to burn waste which is larger than both Chichester and Arundel Cathedrals is entirely out of keeping with this area. Inadequate access in the event of a major incident at the plant which will put the local commnity at risk. Heavy continuous traffic will blight the local communities and conrtibute to respiratory problems.
