Comn	nent for planning application WSCC/036/20
Application number	WSCC/036/20
Name	Sarah Engerran
Address	FORD ROAD, 68, FORD ROAD, ARUNDEL, BN18 9EX
Type of Comment	Objection
Comments	Totally object to this proposal - the Ford area and Yapton nearby are subject to a host of planning applications and new build projects as it is; this is last thing these residents need, not to say those that already live in the area. Those living close to the TJ Waste site are already suffering from numerous incidents there affecting their everyday lives. This is a terrible proposal that would damage health and well-being, and increase traffic and therefore pollution in an already congested area.
