Comm	ient for planning application wSCC/036/20
Application number	WSCC/036/20
Name	Sharon Saxon
Address	Larksmead, Nyton road, Aldingbourne.
Type of Comment	Objection
Comments	The shere size of this building is not right for this location. Ot is too close to homes and schools. There will also be a rat run of HGV vehicles running through our strained residential roads causing pollution from hundreds of lorries also causing noise for people living in their homes and danger for people who chose to cycle along these narrow roads. I agree with Walberton parish council and Ford Parish Council also The South Downs National Park, all of these have submitted an objective letter which I agree with. We wish to keep our area as less of pollution as possible and safe roads. The building is just a monstrosity and too ginormous too.
