Dear sir/ madam,

We are residents of property in Arundel along the Ford Road,

We oppose the site of this application due to the narrow road and traffic that this would generate estimated 120 lorries a day.

We have a fire station that always needs access immediately

The Ford Road (Arundel End) is particularly difficult to pass now with the traffic.

There have been other housing proposals along this stretch of road which would be come gridlocked causing loss of life due to emergency services not been able to get through.

Could you please inform us of your plans to ease the congestion that we have on the Ford Road NOW.

Thank you

Mr Mrs W. GARLICK
