GRUNDEN/YIRIDOR PROPOSED
'FORD ENERGY FROM WASTE' SITE
WSCC/036/20

IT IS UNBELIEVABLE THAT WEST
SUSSEX COUNTY COUNCIL WOULD EVER
THINK OF CONDONING THE ABOVE
MONSTROSITY, WHICH IS CLEARLY OUT
OF CHARACTER WITH THE FAIRLY
RURAL SURROUNDINGS OF FORD.
THIS PROPOSAL WILL OBVIOUSLY
GENERATE A VAST AMOUNT OF HEAVY
TRAFFIC WHICH WILL PRODUCE A
HUGE AMOUNT OF DIRT, DUST,
UNNECESSARY FILTH AND POLLUTION.

THIS IS A FAIRLY QUIET SEMI-RURAL AREA AND HAS A COMMUNITY OF BUSINESS COMPANIES MORE OR LESS SUITABLE FOR THE SPACE. THE NOISE ALREADY GENERATED IS HIGH ENOUGH - WE CERTAINLY DO NOT NEED MORE. THE POPULATION HERE IS MAINLY YOUNG FAMILIES AND OF COURSE, A GOODLY NUMBER OF ELDERLY FOLK. THE FUMES, DUST AND SORELY SOME SMELL WILL NOT BE CONDUSIVE TO THE HEALTH OF ANYONE, ESPECIALLY THOSE WITH BREATHING DIFFICULTIES AND ASTHMA.

IT IS ALSO SUSPECTED THAT THIS HORRIFIC PROPOSAL WILL HAVE A DETRIMENTAL AFFECT ON HOUSE PRICES. HOW DOES CIRLUNDON / VIRIDOR AND / OR WEST SUSSEX COUNTY COUNCIL PROPOSE TO

COMPENSATE THE HOUSE OWNERS
SHOULD THIS PROPOSAL PROCEED?

WE ALL KNOW WASTE MUST BE
DISPOSED OF, BUT SURGELY IN 2020,
WHEN WE ARE ALL ENCOURAGED
TO THINK 'GREEN', GRUNDON/
VIRIDOR COULD DEAL WITH THIS
WASTE IN A MORE SUITABLE
ENVIRONMENTAL WAY, AND
CERTAINLY NOT BY CONSTRUCTING
SUCH A MASSIVE DEVELOPMENT
IN THE MIDDLE OF A COMPLETELY
UNSUITABLE AREA.

THIS PROJECT APPEARS TO HAVE
BEEN CONCEIVED WITHOUT ANY
CONSIDERATION TO THE EXISTING
AREA AND SURROUNDINGS WHICH
INCLUDES ALL KINDS OF WILDLIFE AND
MOST IMPORTANTLY, THE NOW ALMOST

EXTINCT HEDGECOCK, OR THE
PEOPLE LIVING HERE, I CANNOT
THINK OF ANY REASONS GOOD
ENOUGH FOR WEST SASSY COUNTY
COUNCIL TO CONSIDER, LET ALONE
SANCTION THIS PROPOSAL WHICH WILL
HAVE SUCH A DETRIMENTAL AND
DEYASTATING AFFECT ON THIS AREA.
