Comm	ient for planning application wscc/045/20
Application number	WSCC/045/20
Name	Jessica Fry
Address	MEAD COTTAGE, STOCKCROFT ROAD, STOCKCROFT ROAD, HAYWARDS HEATH, RH17 6LN
Type of Comment	Objection
Comments	To whom it concerns, I object to any more well testing on the proposed site in Balcombe. I attended Balcombe Primary School and have no doubt any future development at the site would negatively affect the school. The traffic disruptions and increased HGVs would increase noise and air pollution within the school environment. The other risks of damage, including to the environment, wildlife and water, are too high to take within an Area of Outstanding Natural Beauty. I do not believe this application will bring any positive impact to the local community. The impact it will make to the nation economy is negligible. I am of the opinion the site should be restored and no further drilling or testing should be permitted.
