Comment for planning application wscc/045/20	
Application number	WSCC/045/20
Name	Jackie Emery
Address	LYCHGATE, DEANLAND ROAD, DEANLAND ROAD, HAYWARDS HEATH, RH17 6LX
Type of Comment	Objection
Comments	Strongly object to this new application for activity at Lower Stumble which is worse than the 2019 application which was refused by WSCC last year. This time it appears 2 flares are proposed instead of one with accompanying noise pollution and degradation of air quality, HGV movements past the primary school are forecast to be greater, oil demand globally is reduced, the global climate emergency as recognised last year by WSCC is worsening. Risks to the water supply remain. The financial position of the applicant is worse, making the likelihood of collapse of the company more likely with the threat of the taxpayer having to bear the cost of any site restoration or clean up.
