Comment for planning application WSCC/045/20

Application number Name	WSCC/045/20 SJ Ball
Address	4 DREWITTS COTTAGES, SPRONKETTS LANE, SPRONKETTS LANE, HAYWARDS HEATH, RH17 5TB
Type of Comment	Objection
Comments	This application is entirely inappropriate in an AONB and would create unnecessary disturbance and risk to both residents and wildlife in the immediate vicinity without any benefit to the local economy. There is also the risk of environmental and noise pollution due to drilling processes and the additional traffic generated, which will pass dangerously close to the local Primary school. Accepting this application would create a dangerous precedent for further exploration across the Sussex Weald to the detriment of the landscape and all its current residents both animal and human. Climate change commitments must be upheld to avoid further oil exploration causing damage and degradation of our remaining and increasingly valuable countryside.
